

...Ahhhh, the Golden Puck Tourney is upon us, and as usual, it's raining in Charleston.

### **01/15/2010: Pee Wee Division (Charleston, SC)**

**Jax Cudas                                4**  
**Charleston Wolverines                3**

#### **Game One – Cudas Put On Strong Showing to Start the Weekend**

The Cudas came out humming and buzzing, around the net that is, and controlled play from the opening drop of the puck. The Cudas outskated and outplayed the Wolverines for about 34:00 minutes. A final burst in the last 2 minutes of the game brought the score close but the Cudas ruled throughout.

- Thomas from Meyer (Nice shot from the right circle)
- Kostick from Thomas (Banging in the ribbie)
- Gatto from Raby and Buben (Another in-front scramble won)
- Larson from Gatto (Again ruling in front of the net)
- Ok, Ok...Wolverines (Power play)
- Wolverines (2 in the last minute of play...game over)

### **01/16/2010: PeeWee Division (Charleston, SC)**

**Jax Cudas                                9**  
**Kennesaw Jr Thrashers                0**

#### **Game Two– Cudas Thrash the Thrashers in Blowout Fashion**

This was easily the best game the Cudas have played all year. The kids really put it together for this one and just put on a clinic against a good team. The passing was timely and crisp. The loose pucks were Cuda pucks. The blue line was like a wall. The passing, shots and stick handling were incredible and the netminding was solid and timely. Everything went right and the stars were aligned.

The following were scored from basically in front of the net...lots of hard work to get the puck there and work for a shot between the defense:

- Meyer from Raby and DelVecchio (Hammered it!)
- Gatto from Larson
- Gatto from Larson and Lynch
- Thomas from Sader and Kostick
- Gatto (Oh my goodness...shake and bake time!)
- Gatto (I'm starting to feel a theme here) from Lynch and Larson
- Kostick from Meyer and Tehan
- Raby from DelVecchio
- Maybury from Lynch (Nice D to D pass with shot on net...better check that 5-hole goalie)
- Kennesaw...Goose Egg

Seriously though, Kennesaw is a good team which our Cudas methodically dismantled, but they will be back. But for now, take the rest of the day off and most of tomorrow. See you all at the Stingrays game tonight.
